# FOREWORD

In the name of Allah, the Most Merciful and Most Gracious.

Assalamualaikum Warahmatullahi Wabarakatuh and Salam Sejahtera.

First and foremost, I would like to sincerely congratulate the committee members of the Bulletin Unit for all the initiatives and hard work in producing the fifth edition of the PJI EDGe 2020.

As the world struggles with unprecedented change, UiTM Cawangan Melaka is not exempted from adapting to the new norm in the academic world. Nevertheless, as an endeavor to ensure research, publication, consultancy, entrepreneurial activities, community work, and industry linkages activities stay relevant as our main goals, the drive must strive on and continue to take place.

Despite all of these obstacles and challenges, it is indeed tremendous that academicians, researchers, and staff from UiTM Melaka have imparted their time and effort to partake in various world-class research, innovation, consultation, and publication projects.

Last but not least, I want to express my gratitude to the conscientious PJI teams who are genuinely committed to meet the indicators specified. I wholeheartedly understand that it is not easy to achieve the university's objective in this challenging situation. May all your good deeds are accepted and may Allah reward all of us with His blessings.

# FOREWORD

In the name of Allah, the Most Merciful and Most Gracious.

Assalamualaikum Warahmatullahi Wabarakatuh.

The highest gratitude to Allah S.W.T because upon His blessing, the publication of the fifth edition of the PJI EDGe bulletin is made possible. Congratulations to the hardworking committee for successfully publishing a bulletin covering the achievement of 4 units of PJI: Industrial, Community, Alumni, and Network (ICAN), Research Management Unit (RMU), Malaysian Academy of SME and Entrepreneurship Development (MASMED), and Journal and University Publication (JPU).

From March 2020 until the end of 2020, we are all in the time of the COVID-19 pandemic. Despite the Movement Control Order (MCO) imposed following so many constraints and challenges, PJI is still able to achieve the targets set in the aspect of publication of indexed articles, signed several MoUs (Memorandum of Understanding) with local and international institutions, successfully held webinar series, industrial linkages, as well as entrepreneurial development.

Finally, a word of appreciation is extended to the office of the Rector, the four units of PJI, and the dedicated staff of PJI who have equally helped and work hard to succeed in all programs, striving hard to raise PJI achievements throughout 2020. Without the countless efforts and involvements of all, we may not achieve all of the indicators stated.

## ABOUT JPU

The Unit of Journal and University Publications (JPU) was established in 2015, following the re-structuring of the PRISMa Unit. The main functions of JPU are to manage the lecturers' scholarly publications, and the periodical publications by Research and Industrial Linkages Department. There are five sub-units in JPU, namely: (i) Journal; (ii) University publications; (iii) PRISMa; (iv) Bulletin; and (v) Conference.

The main objectives of JPU are:

- To cultivate a writing and publishing culture among the lecturers.
- To coordinate scholarly programs organized by the faculties or campus.
- To establish and manage a journal published by UiTM Cawangan Melaka.
- To improve the authorship quality of lecturers.

The main responsibilities of JPU :

- Conduct training or workshops that are related to scholarly publications.
- Manage and maintain the PRISMa system.
- Verify records entered by lecturers in the PRISMa system.
- Manage the publication process of PJI EDGe.
- Organize and coordinate conferences, seminars or symposiums.

## ABOUT RMU

Research Management Unit (RMU) is one of the main units under the Division of Research and Industrial Linkages. There are four main subunits under RMU. (1) Grant (Private and Government) Unit, (2) Innovation and Commercialization Unit, (3) Consultancy and Research Contract Unit and (4) Centre of Excellence Unit. The Reporting Unit is an ad-hoc unit under RMU.

### Grant (Private and Government) Unit

This unit is set up to encourage and facilitate research activities through organizing training programmes, sharing sessions and coordinating internal resources to support the research activities. This unit actively shares any information and updates regarding opening of grant application from any organisations. Moreover, this unit also organizes yearly internal assessment workshop to help the lecturers polish their Fundamental Research Grant Scheme (FRGS) application.

### Innovation and Commercialization Unit

The main activity under this unit is to organize the Melaka International Intellectual Exposition (MIIEEx), that is the innovation competition. Apart from that, this unit is also responsible to identify and select innovation products for commercialization and application of intellectual property (IP). Besides, several innovation related workshops are held with the purpose of communicating important information regarding the procedures and documents needed in applying for the IP.

### Consultancy and Research Contract Unit

The main objective of this unit is to share information and to provide trainings in relation to consultation projects which cover basic briefing, financial management and marketing of expertise. Through the unit, more consultation projects could be developed and more collaboration with government agencies, private companies, statutory bodies and multinational companies could be established.

### Centre of Excellence Unit

This unit is responsible to assist any lecturers who wish to set up the special interest group (SIG). It helps with the submission process and monitor the status for each SIG submission with the Research Management Centre in Shah Alam. The establishment of SIG at each faculty level will help to enliven the research activities and produce more publications of research work.

## ABOUT ICAN

The Unit of Industry, Community, and Alumni Network or better known as ICAN is one of the units operating under Research and Industrial Linkages of UiTM Cawangan Melaka. Based on the latest strategic planning, ICAN is responsible in conducting programmes and activities between UiTM Cawangan Melaka and its stakeholders relating to academic, industry, community and the alumni.

The perpetual collaboration in communal activities, academic development, and two-way knowledge transfer and sharing programmes between the university and the stakeholders are realised following the objective that the university must stay relevant with the current needs and industrial advancements.

Functions and responsibilities of ICAN:

- Forming relationship and collaboration between UiTM Melaka Branch and the industry/ community.

- Identifying and strengthening the relationship between UiTM Melaka Branch and the industry in accordance with the individual faculty's niche areas.

- Conducting, managing, and coordinating industrial linkages programmes held by the faculties, departments or units in UiTM Cawangan Melaka.

- Conducting, managing, and coordinating community linkages programmes such as University Community Engagement (UCE), community service, and volunteering activities held by the faculties, departments or units at UiTM Cawangan Melaka.

- Conducting, managing, and coordinating alumni linkages programmes such as alumni homecoming, alumni advancement survey, and the involvement of alumni in activities held by the faculties at UiTM Cawangan Melaka.

- Preparing development reports such as UCTC (University Community Transformation Centre) Impact Report, industrial linkages report, and alumni data.

- Providing information needed for the university's strategic planning.
