Foreword by Rector UiTM Cawangan Melaka

In the name of Allah, the most Merciful and Most Gracious

Assalamualaikum Warahmatullahi Wabarakatuh and good day to everyone.

First and foremost, I would like to congratulate the Division of Research and Industrial Linkages (PJI) of UiTM Cawangan Melaka on the publication of the 6th Edition of PJI EDGe 2021 Bulletin.

Without any doubts, PJI UiTMCM has been continuously practicing its excellence as well as contributing towards the growth and success of UiTM Cawangan Melaka especially in research and community-related works. Furthermore, there have been numerous programs, activities, and initiatives undertaken by PJI UiTMCM which have directly contributed not only to UiTM Cawangan Melaka's, but also for the well-being of the community locally and internationally. Hence, I personally believe that this bulletin is an excellent platform in documenting all the activities, initiatives, and achievements accomplished by PJI UiTMCM in the year of 2021.

Last but not least, my special gratitude goes to all committee members who have worked hard in producing this bulletin. Not to forget, my special appreciation also goes to all individuals who have contributed and participated whether directly or indirectly along the way in publishing this bulletin.

All the best, PJI UiTMCM!

Thank you.

Foreword by the Deputy Rector of Research & Industrial Linkages (PJI)

In the name of Allah, the most Merciful and Most Gracious.

Assalamualaikum Warahmatullahi Wabarakatuh and good day to all.

All praises to the Almighty, I am very grateful and happy to announce the publication of the 6th Edition of PJI EDGe 2021 Bulletin. I must say that the success of this bulletin is a proof of a concerted effort put by all the units in PJI UiTMCM especially the Journal and Publication University (JPU) Unit, Research Management Unit (RMU), Industry, Community and Alumni Network (ICAN), and Malaysian Academy of SME & Entrepreneurship Unit (MASMED). All these 4 units are undoubtedly essential as they serve as the backbone of the PJI UiTMCM division.

The PJI EDGe 2021 Bulletin has come to its 6th edition since it was first published in 2016. It continues to evolve in facilitating information on the JPU, RMU, ICAN, and MASMED units. Additionally, it also serves as an important medium to record all research and community-based activities and programs conducted by PJI UiTMCM as well as the achievements obtained by UiTMCM staff throughout the year of 2021.

Finally, I would like to extend my deepest appreciation to all staff in UiTMCM who provided good prospect in ensuring the success of this publication. Last but not least, my special thankfulness goes to the PJI EDGe Bulletin's Committee for the successful publication of this bulletin. May all your good deeds be accepted by the Almighty and be rewarded with all His blessings. Amin ya rabbal alamin.

Thank you.

ABOUT JPU

The Unit of Journal and University Publications (JPU) was established in 2015, following the re-structuring of the PRISMa Unit. The main functions of JPU are to manage the lecturers' scholarly publications, and the periodical publications by Research and Industrial Linkages Department. There are five sub-units in JPU, namely:

- (i) Journal;
- (ii) University publications;
- (iii) PRISMa;
- (iv) Bulletin
- (v) Conference

The main objectives of JPU are:

- To cultivate a writing and publishing culture among the lecturers.
- To coordinate scholarly programs organized by the faculties or campus.
- To establish and manage a journal published by UiTM Cawangan Melaka.
- To improve the authorship quality of lecturers.

The main responsibilities of JPU:

- Manage the publication process of the Academic Journal of Business and Social Sciences (AJoBSS).
- Manage and maintain the indexing quality of the Academic Journal of Business and Social Sciences (AJoBSS).
- Conduct training or workshops that are related to scholarly publications.
- Manage and maintain the PRISMa system.
- Verify records entered by lecturers in the PRISMa system.
- Manage the publication process of PJI EDGE.
- Organize and coordinate conferences, seminars or symposiums.

ABOUT RMU

Research Management Unit (RMU) is one of the main units under the Division of Research and Industrial Linkages. There are four main sub-units under RMU. (1) Grant (Private and Government) Unit, (2) Innovation and Commercialization Unit, (3) Consultancy and Research Contract Unit and (4) Centre of Excellence Unit. The Reporting Unit is an ad-hoc unit under RMU.

Grant (Private and Government)

Unit This unit is set up to encourage and facilitate research activities through organizing training programmes, sharing sessions and coordinating internal resources to support the research activities. This unit actively shares any information and updates regarding opening of grant application from any organisations. Moreover, this unit also organizes yearly internal assessment workshop to help the lecturers polish their Fundamental Research Grant Scheme (FRGS) application.

Innovation and Commercialization Unit

The main activity under this unit is to organize the Melaka International Intellectual Exposition (MIIEEx), that is the innovation competition. Apart from that, this unit is also responsible to identify and select innovation products for commercialization and application of intellectual property (IP). Besides, several innovation related workshops are held with the purpose of communicating important information regarding the procedures and documents needed in applying for the IP.

Consultancy and Research Contract

Unit The main objective of this unit is to share information and to provide trainings in relation to consultation projects which cover basic briefing, financial management and marketing of expertise. Through the unit, more consultation projects could be developed and more collaboration with government agencies, private companies, statutory bodies and multinational companies could be established.

Centre of Excellence Unit

This unit is responsible to assist any lecturers who wish to set up the special interest group (SIG). It helps with the submission process and monitor the status for each SIG submission with the Research Management Centre in Shah Alam. The establishment of SIG at each faculty level will help to enliven the research activities and produce more publications of research work.

ABOUT ICAN

The Unit of Industry, Community, and Alumni Network or better known as ICAN is one of the units operating under Research and Industrial Linkages of UiTM Cawangan Melaka. Based on the latest strategic planning, ICAN is responsible in conducting programmes and activities between UiTM Cawangan Melaka and its stakeholders relating to academic, industry, community and the alumni.

The perpetual collaboration in communal activities, academic development, and two-way knowledge transfer and sharing programmes between the university and the stakeholders are realised following the objective that the university must stay relevant with the current needs and industrial advancements.

Functions and responsibilities of ICAN:

- Forming relationship and collaboration between UiTM Melaka Branch and the industry/ community.
- Identifying and strengthening the relationship between UiTM Melaka Branch and the industry in accordance with the individual faculty's niche areas.
- Conducting, managing, and coordinating industrial linkages programmes held by the faculties, departments or units in UiTM Cawangan Melaka such as CEO Talk, industrial visits, Knowledge Transfer Programme (KTP), managing staff undergoing industrial attachment or professional training, and industrial collaboration in the name of academic development.
- Conducting, managing, and coordinating community linkages programmes such as University Community Engagement (UCE), community service, and volunteering activities held by the faculties, departments or units at UiTM Cawangan Melaka.
- Conducting, managing, and coordinating alumni linkages programmes such as alumni homecoming, alumni advancement survey, and the involvement of alumni in activities held by the faculties at UiTM Cawangan Melaka.
- Preparing development reports such as UCTC (University Community Transformation Centre) Impact Report, industrial linkages report, and alumni data.
- Providing information needed for the university's strategic planning.
