#### **'FOREWORD BY THE RECTOR'**

Assalamualaikum wbt.

First and foremost, I would like to thank The Division of Research and Industrial Linkages of UiTM Cawangan Melaka (PJI) for giving me the opportunity to express my thought in the section 'Foreword by the Rector'. I am indeed honoured to be given such privilege.

The effort initiated by the Consultant Unit to establish the Consultants Directory is a sterling move to establish a networking ground for consultation dealings between the academic staff and the industries. This is in line with vision and strategic planning of UiTM Cawangan Melaka to enhance the knowledge and expertise of our academic staff through professional programs, research and community engagements based on the noble values and professional ethics. Hence, PJI deserves applaud for their brilliant initiative in providing useful information on the services and expertise of our lecturers that are of high relevance to the industries. Undeniably, the contribution of Consultants Directory would be eminently significant in realizing the aim of UiTM to become a world-renowned Research-intensive Entrepreneurial University. It is hoped that the second edition of Consultants Directory would be much more remarkable and user friendly than the first edition published in 2016 which is undoubtedly useful, comprehensive and of course timely. It is hoped that the second edition would be able to entice more demands for collaborations and consultation projects, which in turn would bring revenue to our university.

I acknowledge with gratitude the dedicated hours and hard work that has gone into this project. Thus, I once again congratulate PJI specifically the Consultation Unit and the team members of this project, the 2nd Edition of Consultants Directory for their endeavour. I am optimistic that this directory will be of great use to the industries and as a platform for the university to achieve its mission and vision.

Thank you

Datuk Associate Professor Sabariah Haji Mahat,  
Rector / Advisor of the Project (Consultants Directory)  
Universiti Teknologi MARA Cawangan Melaka

#### **'A WORD FROM THE DEPUTY RECTOR'**

Assalamualaikum wbt.

As the Deputy Rector for the Division of Research and Industry Linkages (PJI), it is with great pleasure that I am granted the opportunity to pen a few words for the Second Edition of Consultants Directory. This Directory is extremely relevant in providing relevant information on the expertise of our academicians. Besides, this directory also serves as an avenue for these experienced professionals to market their skills, potentials and expertise for the benefit of the industries. This is in accordance with the establishment of the Consultation Unit to achieve the mission and vision of PJI which is to become a significant key player both in academic and industrial excellence. As such, this directory would serve as a vital reference that would benefit all parties. As a sequel of the first edition published a year ago in 2016, this second edition is remarkably special as it entails more number of consultants with wider range of expertise and most importantly, it is more comprehensive, compact and user friendly.

As the deputy rector who is fully in charge of PJI, I would like to extend my utmost gratitude and appreciation to the Rector of UiTM Cawangan Melaka, Datuk Associate Professor Datuk Sabariah Hj Mahat and all the Executive Management of UiTM Cawangan Melaka, for their continuous support towards all the all the projects undertaken by the Division of Research and Industrial Linkages of UiTM Cawangan Melaka.

Last but not least, my heartfelt congratulations is dedicated to the members of the working committee and those who have contributed their tremendous effort, time and energy, directly and indirectly, in making this second edition of Consultants Directory of UiTM Cawangan Melaka a triumphant achievement.

Thank you

Associate Professor Dr. Shafinar Ismail,  
Deputy Rector / Chairman of the Project (Consultants Directory)  
Division of Research and Industrial Linkages,  
Universiti Teknologi MARA Cawangan Melaka

## PREFACE

Assalamualaikum wbt.

Alhamdulillah, all praise to Allah the Almighty for His blessings that our team has once again successfully come up with the Second Edition of our Consultants Directory which is equal of the first edition. However, the database for this edition contains more and updated list of consultants that could tailor for a bigger and wider scope of potential customers. This handbook too is indeed a springboard or platform for lecturers to market their skills, potentials and products whereby the consultants are listed based on their field of expertise. Maintaining its original format, the directory which is connected to the official website of UiTM Cawangan Melaka offers links to the information on the consultants and their field of expertise. The directory is organized in two parts; Part 1 and Part 2. Part 1 is divided into six sections; A to F, that contain the list of consultants from the six faculties at UiTM Cawangan Melaka. Part 2 is divided into section A, B and C based on the three academic centres. The lists of consultants in Part 1 are: A - the Faculty of Business and Management; B – the Faculty of Accountancy, C - the Faculty of Art and Design, D – the Faculty of Hotel and Tourism Management, E – the Faculty of Communication and Media Studies, and F- the Faculty of Computer and Mathematical Sciences. Part 2, section A - Academy of Language Studies, B - Department of Law and C - Academy of Contemporary Islamic Studies (ACIS). I am optimistic and convinced that this directory would be able to serve as a platform for the lecturers to register their products and expertise and be actively involved in consultation projects in a win-win situation. I would like to take this opportunity to express my heartfelt gratitude and appreciation to all those involved in the development of our Second Edition of the Consultants Directory specifically to the Rector of UiTM Cawangan Melaka, Datuk Associate Professor Sabariah Hj Mahat and the Deputy Rector of the Division of Research and Industrial Linkages, Associate Professor Dr. Shafinar Ismail for their advice and continuous support. My thanks are also extended to the team members and all individuals who have directly and indirectly contributed their effort, hard work, commitment, and cooperation towards the production of this directory. It is greatly hoped that the directory would be of great use to everyone and gain more potential users.

Nur Farahah Mohd Pauzi  
Project Leader of Consultants Directory  
Sub-coordinator of Research Management Unit,
